

Hello Wonderful SAP Families,

For over 33 years, the Adopt-A-Family Program has made it possible for struggling families with children to have a magical Christmas and experience the Light of Christ. The program has assisted families in the poorest areas of Downtown Los Angeles. Mrs. Lydia Gamboa is the Program Coordinator for “Adopt-A-Family at the Cathedral.” She invited our school, SAP to “adopt” a family and we said, “Yes!”

### **Meet the Iglesias Family!**

William and Lesie are the father and mother of the Iglesias Family. They have four children from the ages of 10 to 2 years old. William says, ***“Sometimes we are facing hard times when I can’t keep up with the rent...sometimes I feel like just giving up, but when I look at my kids they are the reason why I haven’t given up.”***

If each SAP family purchases **just one item** for the Iglesias Family, they will experience a miraculous Christmas. Imagine the joy we can bring to this family!

### **How Can You Help?**

First, see the attached [Iglesias Family Profile](#) so you can learn more about this beautiful family and their needs. Each grade is assigned to one family member as noted on the Profile. Second, see the [Instructions for Purchasing Gifts](#) to ensure you are prepared to participate. If you decide you want to help with this program you can go to the schoolwide Adopt-A-Family Sign-Up Genius:

[Here is the Sign-Up Genius to designate the gift you will buy.](#)

For our parents of younger children, this can be a wonderful teaching moment to show how we make little sacrifices to show our love for those in need.

Thank you,  
Mr. Richardson
