What can I do with my 120 Chart?

✓	Read the numbers as fast or as slow as you can.
	Count backward from 120!
	Skip count by 2's, 5's, or 10's.
	Count a column (vertical going down)
	Count a row (horizontal going across)
	Pick a number and tell a buddy what is above, below, before, and after that number.
	Tell how many tens and ones a number has.
	Pick a number and tell what is 1 more or 1 less than that number.
	Pick a number and tell what is 10 more or 10 less than that number.
	Cover a few numbers with pennies or cereal. Have a buddy guess your hidden numbers!
	Read your chart in a silly voice. Try reading like a monster, a princess, a frog, or an opera singer.
