

## Fourth Grade Math Curriculum Map

Trimester	Content
Trimester 1	<ul style="list-style-type: none"><li>● <b>Place Value of whole numbers</b></li><li>● <b>Addition and subtraction of whole numbers</b></li><li>● <b>Multiplication and division: Interpreting and solving problem situations</b></li><li>● <b>Multiplication and division: mental math and estimation strategies</b></li><li>● <b>Multiplying by 1-digit numbers</b></li><li>● <b>Dividing by 1-digit numbers</b></li><li>● <b>Multiplying by 2-digit numbers</b></li><li>● <b>Dividing by 2-digit numbers</b></li><li>● <b>Using multiplication to find area</b></li></ul>
Trimester 2	<ul style="list-style-type: none"><li>● <b>Factors</b></li><li>● <b>Multiples</b></li><li>● <b>Prime and composite numbers</b></li><li>● <b>Number patterns</b></li><li>● <b>Fraction equivalence and comparison</b></li><li>● <b>Relating fractions and decimals</b></li><li>● <b>Using fractions to understand angles</b></li></ul>
Trimester 3	<ul style="list-style-type: none"><li>● <b>Adding and subtracting fractions with like denominators</b></li><li>● <b>Adding and subtracting fractions and mixed numbers with like denominators</b></li><li>● <b>Multiplying fractions by whole numbers</b></li><li>● <b>Two-dimensional figures</b></li><li>● <b>Symmetry and patterns</b></li><li>● <b>Relative sizes of customary measurement units</b></li><li>● <b>Relative sizes of metric measurement units</b></li><li>● <b>Solving problems with time and measurement</b></li></ul>
